

Ageless Science system *Ionic Energy Balance and Active Energy Serum*

Utilizing Japanese nanotechnology, the unique Ageless Science system is designed to penetrate deep within the skin to improve coloration, texture and hydration, and help create radiant skin with a healthy balance.

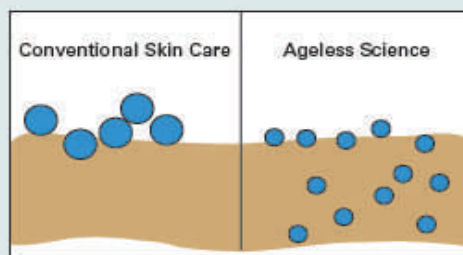

Key Features and Benefits:

You will see instant results and long-term skin improvements. Ageless Science goes to the source where aging happens. This system will improve coloration, texture and hydration and visibly improve:

- fine lines and wrinkles
- leathery skin
- splotchy skin
- dull, ashy skin

What is Nanotechnology?

Nanotechnology benefits skin care by delivering treatment deep into the skin through the use of the nano, a measurement one-millionth the length of a millimeter, a scale so small that it can not be detected by the human eye. This form of delivery enhances the penetration and effectiveness of the product on the skin.

Instructions:

Use Ageless Science system after cleansing and toning. **Spray** Ionic Energy Balance 3-5 times onto clean skin and gently pat to enhance absorption. **Pump** Active Energy Serum 2-3 times into hand and apply to face in a circular motion. **Spray** Ionic Energy Balance 3-5 times once again directly onto skin and pat. Spray, Pump, Spray for radiant, healthy skin – it's that simple!
