Lumitone PC

Pigment Correcting Spot Treatment

Lumitone PC is a unique pigment correcting spot treatment that contains a time-release, non-irritating exfoliator and innovative ingredients to brighten skin, reduce the appearance of dark spots and target hyperpigmentation.

Instructions:

Apply twice daily to dark spots and discolorations. Follow with Lumitone HP Pro.

Retail Price: \$49.95 USD / \$59.95 CDA

Lumitone HP Pro

Brightening Serum

Lumitone HP Pro, with the new additions of plant-derived, non-irritating ingredients to help reduce red skin, is a proprietary blend of multiple peptides and brighteners, including the powerful white daisy extract, and brings a renewed brightness and luminescence to your skin in a matter of days. Lumitone HP Pro's aloe vera-based formula glides on gently and keeps your skin hydrated and smooth all day.

Instructions:

Apply Lumitone HP Pro twice daily, morning and evening to the face, neck and décolleté.

Retail Price: \$69.95 USD / \$79.95 CDA

Flawless HP

Rapid Skin Perfection

Using color correction technology and light diffusing properties, this advanced formula glides on to instantly help smooth skin tone and minimize the appearance of pores. Flawless HP can also be used in conjunction with a foundation.

Instructions:

Apply Flawless HP to clean skin, after serums and before applying makeup.

Retail Price: \$59.95 USD / \$69.95 CDA
