## Protect & Prevent with Aloette's Multi-Active Prevention Plus – Day Treatment

- Mounting scientific research suggests that **sunscreen alone is not enough to protect our skin** from the daily assault it faces every day.
- Harmful UV rays, pollution and other environmental hazards constantly threaten to age skin prematurely if left unprotected.
- Multi-Active Prevention Plus offers an **unprecedented level of defense** against both the natural and manmade threats that can lead to fine lines, uneven tone and sagging skin.

### Features and Benefits of Key Ingredients:

- **Resveratrol** – Free radical scavenger with anti-inflammatory and UVB protective properties
- **EGCG** – Green tea antioxidant shown to help prevent UV induced damage
- **Pomegranate Extract** – Potent anti-bacterial, anti-viral organic extract
- **Vitamin E** – Powerful antioxidant that protects cell membranes from airborne pollution

Nano-sized, time-released ingredients quickly penetrate the skin to initiate day-long protection.

### Instructions:

Apply Multi-Active Prevention Plus to skin each morning after cleansing. For maximum protection, follow with Cellular Day Defense SPF 15.

**Price: \$49.95**

### May also use with:

**Cellular Day Defense SPF 15** – daily moisturizer and helps prevent damaging sun exposure

**Pure Radiance Revitalizing Cleanser** – anti-aging exfoliating cleanser that keeps skin radiant, hydrated and supple

**Pure Radiance Bioactive Mist** – alcohol-free toner that firms skin and restores pH balance
